coverage and this new fourth edition of Stempel and Knutsen on insurance coverage is completely up to date on every aspect of its subject. This one stop resource provides both a sound historical, theoretical and doctrinal grounding in insurance as well as being practice oriented and packed with practical guidance. After providing information about insurance policies and issues in general, it focuses on specific types of policies and coverage such as property coverage, liability coverage, automobile coverage, excess and umbrella coverage and reinsurance, plus such vital areas as employment, defective construction and terrorism claims, ERISA, bad faith litigation and much more. Plus you will find extensive examination of the commercial general liability (CGL) policy, the type of insurance involved in most major coverage cases. Among the most important CGL issues covered in Stempel and Knutsen on insurance coverage are pollution related coverage, trigger of coverage, apportionment of insurer and policyholder responsibility, business risk exclusions, coverage under the "personal injury" section of the CGL coverage, under "advertising injury" and nowhere else will you find so much valuable current information in depth analysis, sharp insight, authoritative commentary, significant case law and practical guidance on this critically important area. With its clear explanations and thorough, even handed coverage, Stempel and Knutsen on insurance coverage is unlike any other resource in its field.

Now you can keep construction design exposure to a minimum. Prepared for design and construction professionals and their attorneys, this comprehensive up to date resource is written by eminent authorities in the field. Architect and engineer liability claims against design professionals, fourth edition, details all relevant topics: risk management, alternative dispute resolution, trial conduct, handling shop drawings, insurance and surety and more. You will get straightforward answers to all your legal questions as well as examples of the valuable lessons learned by leading design and construction experts.

How do lawyers resolve ethical dilemmas in the everyday context of their practice? What are the issues that commonly arise and how do lawyers determine the best ways to resolve them? Until recently, efforts to answer these questions have focused primarily on rules and legal doctrine rather than the real life situations lawyers face in legal practice. The first book to present empirical research on ethical decision making in a variety of practice contexts including corporate litigation, securities, immigration and divorce law, *Lawyers in Practice* fills a substantial gap in the existing literature. Following an introduction emphasizing the increasing importance of understanding context in the legal profession, contributions focus on ethical dilemmas ranging from relatively narrow ethical issues to broader problems of professionalism including the prosecutor's obligation to disclose evidence, the management of conflicts of interest and loyalty to clients and the court. Each chapter details the resolution of a dilemma from the practitioner's point of view that is in turn set

within a particular community of practice timely and practical this book should be required reading for law students as well as students and scholars of law and society

accompanied by standard provisions and appendix 256 p
